

## The Esh's **Committment**

Your property deserves the best. We don't think folks in Kentucky and Tennessee should get stuck with generic prefab buildings, so we work hard to help each customer find or create the structure that's perfect for them. Whether it's a small cabin, a portable garage, or simply a storage shed, we believe each project deserves attention to detail and the best craftsmanship around.

# CHICKEN COOPS

## Why a **Chicken Coop?**

If your hens are providing you with a steady stream of fresh eggs, the least you can do is provide them with a safe place to roost! A hand-built chicken coop is the perfect type of pet shed to keep your backyard flock safe and happy. Our standard chicken coop design features a painted wood exterior and a tough metal roof to keep the elements out. Each chicken coop comes with one window, a chicken door, a human door, a roosting rack, and nest boxes with outside access for easy egg gathering.

inventory of chicken coops.

## Chicken Coop **Standard Features**

To construct a chicken house that will handle years of use, we focus on choosing the right materials. Besides the customizable features, our prefab chicken coops come standard with:

- ✓ Pressure-treated 4x6 runners
- ✓ Walls framed at 24" on-center with top and bottom wall plates
- ✓ A durable metal roof and two-tone painted siding
- ✓ 4 nesting boxes, roosting rack, and chicken door
- ✓ Porch with composite flooring and pedestrian door
- ✓ A 6-year workmanship warranty

## Chicken Coop **Custom Options**

- ✚ Choose the exact colors you want for siding, trim and metal!
