

The Esh's **Commitment**

Your property deserves the best. We don't think folks in Kentucky and Tennessee should get stuck with generic prefab buildings, so we work hard to help each customer find or create the structure that's perfect for them. Whether it's a small cabin, a portable garage, or simply a storage shed, we believe each project deserves attention to detail and the best craftsmanship around.

Buildings for life.

DOG KENNELS

Why a Dog Kennel?

You wouldn't give your dog anything less than the best. And neither would we. Our custom-built dog kennels can be built in single- or double-run configurations. Both styles feature an enclosed area for your canines to rest out of the elements, plus an outdoor run area for them to get fresh air. Almost every outdoor dog kennel we build is unique, just like the canines that use them!
