

The Esh's **Commitment**

Your property deserves the best. We don't think folks in Kentucky and Tennessee should get stuck with generic prefab buildings, so we work hard to help each customer find or create the structure that's perfect for them. Whether it's a small cabin, a portable garage, or simply a storage shed, we believe each project deserves attention to detail and the best craftsmanship around.

Buildings for life.

Why a High Barn?

Why settle for less storage space when you can have more? That's the idea behind the High Barn outdoor shed. Thanks to a gambrel roof design, this storage building comes standard with two overhead lofts... plenty of space for that extra stuff. This gambrel-roofed shed is a true tribute to the great American legacy of barn-building.

High Barn Standard Features

For a storage building that will hold up to the outdoors, it's important to start with the right materials. Our High Barn outdoor sheds come standard with:

- ✓ Pressure treated 2x6 floor joists on 4x6 skids
- ✓ 3/4" tongue-and-groove flooring with 50-year warranty
- ✓ 6' 4" walls framed at 16" oc. with top & bottom wall plates
- ✓ Boxed-in corner studs to easily finish out the interior
- ✓ Trusses with steel gussets framed at 16" oc.
- ✓ Double door with metal diamond-plate threshold
- ✓ Felt paper under roof and drip edge on all edges
- ✓ Two 4'-deep loft spaces for increased overhead storage
- ✓ 6-year workmanship warranty

High Barn Custom Options

- ✚ Choose siding and roofing materials from hundreds of color combinations
- ✚ Expand the loft spaces or upgrade the floor joist spacing
- ✚ Add doors, windows, shutters, and flower boxes
- ✚ Add special packages, like a porch or workshop essentials
