

The Esh's **Commitment**

Your property deserves the best. We don't think folks in Kentucky and Tennessee should get stuck with generic prefab buildings, so we work hard to help each customer find or create the structure that's perfect for them. Whether it's a small cabin, a portable garage, or simply a storage shed, we believe each project deserves attention to detail and the best craftsmanship around.

Buildings for life.

Why a Nordic?

These Scandinavian Inspired sheds and tiny home shells offer a touch of Modern Minimalism. Our Nordic brings a pop of style to your property, giving you a lot to celebrate. The A-frame and inset porch add a level of sophistication not often found on other sheds or tiny home shells. Plus, we can match the siding on your Nordic with the siding on your home, so your new portable building looks like an original. The Nordic is where functionality meets style.

The Nordic Standard Features

To create a Nordic that will handle nature's beatings, it's important to start right. Our Nordic Sheds & Shells come with the following standard features:
