

## The Esh's **Commitment**

Your property deserves the best. We don't think folks in Kentucky and Tennessee should get stuck with generic prefab buildings, so we work hard to help each customer find or create the structure that's perfect for them. Whether it's a small cabin, a portable garage, or simply a storage shed, we believe each project deserves attention to detail and the best craftsmanship around.

*Buildings for life.*

## Why a Play House?

Do you remember what it was like to have endless energy and imagination like no other? With our handbuilt playhouses, imagination is turned into reality. Our playhomes are created so that you don't have to break the bank in order to give the best gift. No two kids are the same, just like no two playhomes are the same. Each unit is built with top-quality materials and rigorously assembled by our expert craftsmen. They are also created with pressure-treated lumber to better resist ground moisture.
