

The Esh's **Commitment**

Your property deserves the best. We don't think folks in Kentucky and Tennessee should get stuck with generic prefab buildings, so we work hard to help each customer find or create the structure that's perfect for them. Whether it's a small cabin, a portable garage, or simply a storage shed, we believe each project deserves attention to detail and the best craftsmanship around.

Buildings for life.

Why a Ranch Shed?

The Ranch is one of our most popular portable buildings. With its roof overhangs, finished out with the same material as the siding, it's a beautiful addition to any property. Plus, we can match the siding on your Ranch shed with the siding on your home, so your new portable building looks like an original. Siding, roofing, and trim are all installed with particular attention to detail, creating a shed that will enhance your property for years to come.
